A note from the President & CEO

Dear Friends of Peace,

Thank you for all of your support this year. I feel blessed to have so many people that are committed to the mission of the Louis D. Brown Peace Institute.

This year has taught me that through reaching out to others for help and working with a strong and committed team, the vision I had when Louis was killed is not only possible, but is becoming a reality.

This year COVID-19 affected everyone in different ways and asked us to look within ourselves before coming together as a community. At the LDBPI we have been very busy finding new ways to connect with survivors. Homicides have not stopped and neither did our responsibilities to support families in the immediate aftermath and transform the way society responds.

Thanks to your continuous support, our commitment to being a Center of Healing, Teaching and Learning has expanded in numerous ways including, hosting virtual healing workshops, increased funding for families impacted financially by the pandemic and adding a virtual component to our Mother's Day Walk for Peace.

Because of you, in 2020 we had many successes including, leading 21 Peace Play in Urban Settings sessions to over 80 survivors, ensuring that over 50 individuals, families and groups have free and mobile Peace Play kits, training and educating 2,597 providers, and providing 6 grants totalling \$29,550 to survivor-led organizations.

Our work also grew nationally through training and technical assistance around response to homicides in Puerto Rico and San Francisco. We also received national recognition when I was Senator Markey's special guest at the State of the Union.

I am humbled and honored by what you helped the Louis D. Brown Peace Institute accomplish in 2020 and I look forward to our journey in 2021!

In Peace and Gratitude,

A note from the Board of Directors

Pledge for PEACE

I will treat others the way I want to be treated.

I will respect the diversity of all people.

I will use peaceful words.

I will have a positive attitude.

I will show LOVE.

I will practice UNITY.

I will have FAITH, HOPE, and COURAGE.

I will seek JUSTICE and FORGIVENESS.

I believe PEACE is POSSIBLE

**You and your family can take this pledge and keep it in a prominent location as a reminder that peace is possible. You can use it in vigils, memorial service or other community activities.*

Dear Friends,

Thank you for your ongoing support of the Louis D. Brown Peace Institute. This year has been filled with challenges, uncertainty and loss in our communities. Through it all the one thing that we could always count on is your commitment to work together to build a Center of Healing, Teaching and Learning where everyone is welcome.

When we think of the word gratitude we reflect on your participation and support this year. You walked with us virtually during the Mother's Day Walk for Peace, posted on Facebook encouraging messages of hope, resilience and compassion, helped us raise awareness and assisted us to raise \$423,585.

In addition, you participated in virtual groups for healing, added your support for men and Fathers during 2020 Reset, shared your hidden talents at the virtual Peace B-Que, joined together during Peace-ing it Together to learn how to become allies in your own community, became the architects of your own inner healing during the Peace Play workshop and lifted up survivors during Survivors of Homicide Victims Awareness Month (SHVAM). The word grateful does not even begin to describe how humbled we are for all that you have done.

As we head into 2021 we look forward to new opportunities, expanding programs and developing partnerships across the country to share best practices to help survivors of traumatic deaths at all stages in their healing.

We are privileged to be in service and hope you will continue to reach out to us.

**In Appreciation,
The Board of Directors and Committee Members**

Our Work in 2020

Our Advocates met with **71** families in the immediate aftermath of a murder.

We held **35** Peace Play in Urban Settings sessions, with over **100** survivors participating, as a healing technique for those impacted by murder, trauma, grief and loss.

Our Reentry Services Director guided **9** men through post incarceration processes to support a healthy transition back into communities.

We educated **2,653** individuals on our best practices and tools for servicing survivors through **9** training sessions.

We provided **6** grants totalling **\$29,550** to survivor-led organizations.

This year has proven that our on-going work continues during difficult times. We know that families deserve coordinated and compassionate care regardless of the circumstances. From the minute a homicide or trauma, including suicides and overdoses occur, we begin to work with those survivors within 24-72 hours.

Our vision to create and sustain an environment where all families can live in peace and all people are valued is also provided in our services to formerly incarcerated individuals and their families to reduce recidivism and community violence and equip individuals as they reenter society.

We have developed Best Practices which we train providers on throughout the year. We also empower our Survivor Network in their ongoing advocacy work.

Thanks to your support, financially and emotionally, all of our services, training and advocacy work has continued with some alterations and we were also able to grow as an organization. We believe that inner healing allows us to do the work of transferring knowledge, equipping others to influence advocacy and engage in activism that builds the foundation to transform the way society responds to homicide.

This training focus is on preparing survivor families on court proceedings after the death notification. *This training took place during National Criminal Justice Awareness Month at Harcum College in Bryn Mawr, PA.

“The Peace Institute does remarkable and important work in an area that is so often misunderstood or neglected. The organization’s ability to bring together people, facilitate dialogue and learning, and do the hard work that is necessary to be successful makes it one of the most essential gems both in Greater Boston and as a model for beyond.” - Howard Wolk

Murder, trauma, grief and loss have lasting impact.

The recent events that are playing out in neighborhoods and communities across the country are devastating and speak to the unresolved trauma that impacts families and the fabric of communities.

This is a burden for the Black community that precedes the death of *George Floyd, Breonna Taylor, Ahmaud Arbery, Oscar Grant, Sandra Bland, Philando Castile, Eric Garner, Michael Brown and Tamir Rice*. And we can not forget the victims in our own City of Boston such as *Burrell A. Ramsey, Jaymil Ellerbe, Terrence Coleman, Darryl Dookhran, Angela West, and Manuel "Junior" DaVeiga*. Over the past centuries, police brutality and systemic racism have claimed the lives of countless black bodies with little to no regard for justice.

When the headlines have shifted, families and communities still need to heal.

For the past 26 years, this has been our fight. We have been and continue to be a center of healing, teaching and learning for communities impacted by murder, trauma, grief and loss. The Peace Institute stands with these communities and will continue to do the groundwork of:

- serving those impacted,
- pushing for sustainable change in the justice system,
- training community members to inform, influence and impact policies, and
- advocating for fair funding allocation for programs and services that combat systems of racism.

It is important to stand in solidarity with those most impacted. **Here are some ways to take action:**

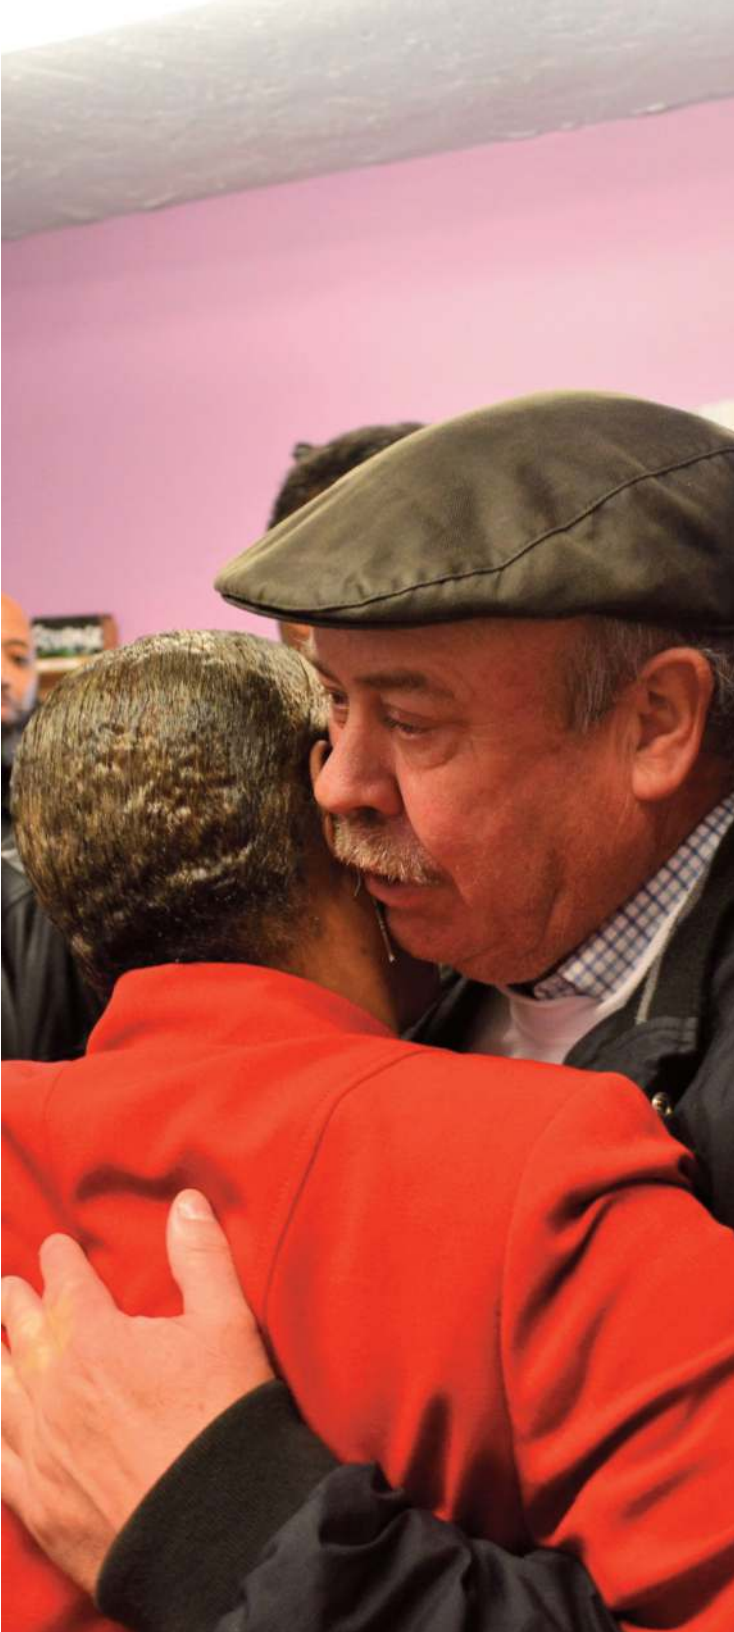

- follow and listen to the leadership of Black and Brown people,
- invest in our ongoing work [24th Annual Mother's Day Walk for Peace](#)
- help by donating to other organizations who are also doing critical work right now such as, [The Massachusetts Bail Fund](#), [VISIONS, Inc.](#), and [Families for Justice As Healing](#),
- find free resources if you have been impacted by violence by calling Boston's Neighborhood Trauma Team 24/7 at 617-431-0125 and visiting www.mass.gov/askMOVA or call (844)-878-MOVA (6682) for state-wide resources,
- Tune in to a workshop on Resiliency and Self Care After Trauma, Saturday, June 6, 1:00 PM hosted by [We Are Better Together](#)
- save the date for a virtual conversation around healing and unity on Saturday, June 20, 9:00 AM-10:00 AM (More details to come on our [website](#)), and
- [vote](#) to have an active voice in changing the system.

For the sake of the next generation,

10-Year Partnership

The Louis D. Brown Peace Institute and the Center for Violence Prevention and Recovery at Beth Israel Lahey Health: Celebrating 10 Years of an Innovative Partnership to Meet the Needs of Survivors of Homicide Victims

The partnership is inspired by the LDBPI's Seven Principles of Peace: love, unity, faith, hope, courage, justice and forgiveness. Aligning practices with the principles, the partnership is well-positioned for future work together. They have a cross-training scheduled in early 2021 for CVPR clinicians and the LDBPI advocates to advance clinical offerings for survivors of homicide victims. In addition, the Beth Israel Lahey Health system has requested that the LDBPI offer more frequent training sessions with CVPR throughout the healthcare system. The partnership has a vision to co-design a future conference or virtual learning platform for health care providers on advancing the health and wellness of homicide survivors. Together, they hope to expand skills-based training sessions on how to use The Survivors' Burial and Resource Guide, translate resource materials into multiple languages, and lead a wider variety of culturally-specific healing circles.

Tina Chéry reflects on the imperative of this type of partnership, emphasizing its reciprocity and deep investments over time, *"I want to share our model to compel other hospital CEOs to take a look at what authentic community partnership looks like in reality. This is how you sustain relationships with the community. The hospital asks us what we need. The hospital listens and values the expertise that we bring as leaders. What we have created with LDBPI and CVPR is essential and effective. I am excited for our next 10 years together."*

Celebrating 25 Years of Walking For Peace

The Mother's Day Walk for Peace is a beloved Boston tradition and celebration of our potential to create more peaceful communities. It is the Louis D. Brown Peace Institute's largest fundraising event to support our services, advocacy and training. Our goal is to raise \$600,000!
